

RAMPAGE GOALIE SCHOOL

June 7th - 11th

Colorado Sports Center

Welcome to the Rampage goalie school! This school is for everyone ages 5 and up. It will be a week long camp that will focus on your on ice technique as well as off ice conditioning. The philosophy of this camp is to **NOT** change your style but to work on the fundamentals of goaltending. Everyday, you will face game like situation drills that will help to bring your game to a whole new level. There will be a 1:3 goalie to coach ratio, which will enable each goalie to receive valuable instruction. All coaches and shooters will have high levels of experience in hockey.

Chad MacLeod, Head Coach of the Tulsa Rampage, brings well over a decade of teaching and coaching experience to the training program. Since suffering a career ending injury, he has devoted himself to the development and advancement of players. To achieve that end, he has held positions in the Central States and Western States Leagues at the Tier III level, the North American Hockey League at Tier II, and the NCAA. He has also served as an instructor within USA Hockey's Rocky Mountain Development Program. MacLeod's teams have proven to be very successful and have set records within their respective franchises as well. He continues to advance numerous players each season, gaining recognition within both the leagues and USA Hockey as a whole. A Toronto native, he began his career playing both Junior A and attended a Major Junior Training Camp. As a professional he played in the United States in the Western Professional, United, and Central Hockey Leagues before taking his professional career to Europe. There he played in the British National League and the Super League where in his last season he was listed among the top goaltenders in the league.

This is a tentative daily schedule (subject to change):

8am-8:30am: Arrive at the rink.
8:30am: Dynamic stretch
9:00am: On ice (3 hours with a zam in between sessions)
12:00pm: Lunch
1:00pm: Video and lecture
2:00pm: Off ice conditioning

During the on ice session, there will be a station where we will videotape each goalie so we can analyze their abilities at the video session. It's a great way to watch yourself in action and see what you did well and what could use more work. There is the option to buy a DVD of your goalie (see below).
